Attention: The letters *za* and *ra* denote *ḷ* and *ṛ*, respectively, of Tamil. Also note that *r̥ra* sounds almost like *ṭra*, *r̥ri* like *ṭri*, and so on. The consonant-cluster *n̥ra* is pronounced somewhere between *nra* and *nḍra*. It is, however, colloquially acceptable to pronounce the clusters *r̥ra* and *n̥ra* as *tta* and *nna*, respectively.
